DETAILED ACTION

Allowable Subject Matter

Claims 1, 3-4, 38 and 43-47 are allowed.

Examiner's Statement of Reason for Allowance

The following is a statement of reasons for the indication of allowable subject matter.

The most relevant references are the Lawrence (USPN 5915209) ("*Lawrence*") reference and the Woolston (USPN 5845265) ("*Woolston*") reference.

Lawrence reference teaches a method (and system) of facilitating trading of financial interests over a network comprising: receiving from at least one computer over a network terms for a proposed auction in at least one financial interest and an associated deadline for deciding the proposed auction (col. 1, lines 7-27; col. 3, lines 41-54; col. 7, line 62 through col. 8, line 29).

Woolston teaches the concept of a consignment node having multiple modes of operation comprising an auction mode and a non-auction mode (col. 3, lines 7-22; col. 4, line 60 through col. 6, line 67).

The *Lawrence* and *Woolston* references fail to teach

terms for at least one proposed non-auction transaction in the at least one financial interest which is identified in memory accessible by the at least one computer as an entry in the proposed

Art Unit: 3691

auction but is not disclosed to the plurality of user computers as an entry in the proposed auction prior to the deadline; and after the deadline, the at least one computer deciding the proposed auction with the proposed non-auction transaction as an entry if the proposed non-auction item remains an entry in the proposed auction after the deadline

Updated searches revealed no references that disclosed the claimed invention, nor were any further references identified which could be reasonable combined with *Lawrence and Woolston* references.

For this reason, claims 1, 38 and 45 are deemed to be allowable over prior art of record and claims 3-4, 43-44 and 46-47 are allowed by dependency.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reason for Allowance".
